contract on it. It is about the same class house we have in Montgomery except a little larger. We think we will enjoy it. We will close it out and move sometime before Sept 1st.

I left Greenville this morning and flew back to Baltimore and Brownie & the kids left for Montgomery soon after I did. I'm going to call in a few minutes to see if they got home O.K.

Pop, I really like my work. It is real interesting and the next 6 or 8 months is going to be quite a challenge and a lot of hard work. As soon as the building in Greenville is complete we will move the plant from Baltimore to Greenville and get it to operating. We also have two large pieces of equipment which will come from Germany for delivery in
