

Well we got moved in
Greenville O.K. I wouldn't say
we are straightened out but
we are in. We really like
our house. I am anxious
for you to come see it
(and us too.) We are really enjoying
the house. I have a lot of
yard work to do. When we moved
in the weeds (not grass) was
almost waist high. (Hope you
can read this, the place is
a little rough, we are coming
into Charlotte.) I got the weeds
~~down~~ down but the yard looks
a little bare. There was no
grass under the weeds.

I believe Greenville is one
of the most friendly towns I
have ever been in. People have
really been nice to us.
