EASTERN AIR LINES

Pop before I left Baltimore I got to see the Orioles and Yankees play a ball game. The Orioles won 5 to 4. (There is the most beautiful rain bow and longest one I have ever seen) (Almost a complete circle.) Back to the ball game. I wish you could have been there with me. I even thought of the time way back when we were at a game in North Abnorn and you were looking up at an airplane and a ball ball to a nice plug out of the brim of your sailor straw hat. But you don't remember it.

We just passed over a small town & I counted 3 cotton mills around it.

We are going in for a landing at Anderson, S.C. It is cloudy and getting a little rough. Looks like it is raining at the Div Port. See some lightning. We are circling. The Captain just came on the P.A. system.
