

My letter is on the back of this one.

Dear Mom + Pop:

Well, looks like I have done it again. No reason for having not written before now except I just haven't sat down and done it.

We had one of the best vacations we have ever had on our visit to Washington. We had a good trip up, no trouble and spent one night on the way at Raleigh, N.C. We got lost when we got into the Washington area but didn't have too much trouble getting to Lynn and Geo. apartment. The kids were all doing fine and we are tickled to death the way they have come out of the Dinks.
