

I hope the people  
of the South will vote right.  
This old World has really gotten  
into a mess and if our  
Country is to survive we  
certainly need good leadership  
the next four years. Neither  
party seems to be offering much  
but I just can't see sound  
thinking people voting for  
the Socialistic platform  
of the Democratic party.  
The Republican platform is  
not too good but they are  
leaning more toward the  
free enterprise system.  
How does Texas feel about  
Lyndon Johnson?

Again, I will try not to  
let so much time get by between  
letters.

We got a kick out of  
your fishing Clipping  
I asked Brownie where the letter was. You could have written a note.  
love  
Dwight
